** Orders for these articles should be booked on the previous day in order to ensure perfect freshness.*

Unless Imported Meat is ordered, English or Scotch will be sent.

ALL MEAT should be unpacked immediately it is delivered and hung in a cool, draughty place. FROZEN MEAT should be hung up for a short time, and as it soon becomes discoloured after being cut, its appearance may convey that it is not good. It is essential that the meat should be hung to ensure thorough defrosting, and this is responsible for the change in colour ; the reshness is in no way impaired.
